

ALJBS – CampDoc online Medical Form Instructions

Background Information

Beginning in 2019, All Applicants will be required to complete an online electronic health record with CampDoc. In addition to being a [HIPAA compliant](#) electronic health record system, it will also be a valuable tool for our volunteer EMS team, allowing them to quickly access important medical information at the time they are administering care. This secure solution will be greatly beneficial and a marked improvement over the printed Medical Form we used in the past.

Applicants can begin their Medical Form by logging into apply.aljbs.org. Once their on-line application is complete they will see a link for "Medical Form" where they will be directed to campdoc.com to begin the registration process. The one-time link that is provided will expire in 60 minutes. Please note: applicants will receive a weekly email from CampDoc until their profile is 100% complete!

We will add other information to this site as necessary to address any questions that you may have. Contact medical@aljbs.org with any questions not answered by this page: http://aljbs.org/info/medical_info.php
